

PARTNERED WITH

The UPS Store **Campus Crates partnered with The UPS Store** **2021 Baylor University Fall Internship – Marketing Intern**

We are looking for high caliber students with a strong work ethic and an entrepreneurial spirit to intern as a **Marketing Intern** with our fast-growing venture founded in Waco, TX. Campus Crates began in 2015 at Baylor University and has grown considerably since its merger with The UPS Store in 2017 including Texas Christian University and The University of Texas at Austin. As the company continues to expand its services as well as to other campuses, we are looking for a student to work as a customer service rep to **drive sales and to assist in delivering exceptional customer experience**. We are considering students with all backgrounds that have a passion for working with customers (including parents and students), converting sales, and solving problems.

Qualifications:

- Student at Baylor University; not exclusive to business majors
- Availability to work 10 hours per week during the Fall 2021 semester with potential for an internship in Spring/Summer 2022 upon strong mutual fit

Position Responsibilities:

- Work hand in hand with the other student interns and manager
- Lead marketing efforts through website, social media (Facebook and Instagram), and Baylor University partnership throughout the semester
- Manage development of photo and video content for marketing purposes, including creation of a video that highlights the needs of the service to be used the following semester
- Assist key partnerships including Baylor University and The UPS Store
- Assist in marketing and business growth strategies throughout semester

Terms of Employment:

- **September 20th – December 17th commitment** and potential internship **extension through August, 2022** upon mutual fit and interest
- **\$12 per hour pay** and potential to earn a **competitive bonus** based on individual & business performance
- Opportunity to earn **potential internship course credit** through application processes with respective Baylor University departments
